*"...substantiated
that significant
delays in access to
care negatively
impacted the
quality of care..."*

New Leadership Took Over Across VA

**New VA Secretary
Robert A. McDonald**

***More Than
90% of All
VA Medical
Centers
Have New
Leadership***

Veterans Access, Choice, and Accountability Act

- **Created Temporary Choice Program for Non-VA Care in the Community**
- **Over 40 Miles from a VA Facility**
- **More Than 30 Days Wait for Appointments**
- **\$10 Billion for Choice for 3 Years**
- **\$7 Billion for New Staff and Space**

2003 Task Force Identified “Mismatch”

“...mismatch between demand for access and available VA funding to meet this demand...”

The Independent Budget Consistently Recommended More Funding for VA

***DAV and our
Partners in the
Independent Budget

Received Almost
\$10 Billion Less
Than Needed Over

New Denver VA Medical Center?

Some Bad Proposals to “Reform” VA

- **Downsize the VA System**
 - ***“Centers of Excellence”***
- **War-Related Injuries ONLY**
- **All Routine Care OUTSIDE the VA**
- **Plastic Card for Private Health Care**
- **Completely Dismantle the VA**

Not All Choices Lead to Better Outcomes

- **“Choice” Doesn’t Guarantee**
 - *Faster Care*
 - *Closer Care*
 - *Higher Quality Care*
 - *Coordinated Care*

Not All Choices Lead to Better Outcomes

- **If Too Many Veterans Leave the VA**
 - *Higher Per Patient Costs for VA*
 - *Fewer VA Facilities*
 - *Fewer Services Inside VA Facilities*

Not All Choices Lead to Better Outcomes

- **For Disabled Veterans Who Rely on VA, a Smaller VA Would Mean:**
 - *Longer Travel Distances*
 - *Longer Waiting Times*
 - *Fractured Care With VA & Private Care*

Benefits Also Under Attack

- **BAD Proposals to “Reform” Benefits**
 - **Limit Individual Unemployability**
 - **Eliminate “Permanent” Disability Ratings**

VA Is Still the Best Choice for Veterans

- **The only integrated health care system dedicated to the unique needs of veterans**
- **Not driven by profit**
- **Focus on wellness, disease prevention**

VA Is Still the Best Choice for Veterans

- **Expertise in meeting specialized needs of veterans with war injuries**
 - *Amputations*
 - *Blindness*
 - *Burns*
 - *Traumatic Brain Injuries (TBI)*
 - *PTSD and Mental Illness*

VA Is Still the Best Choice for Veterans

- **World Class Veteran- Focused Clinical Research Also Benefits Non-Veterans**
- **Provides Graduate Medical Education to More Than 60-percent of the Nation's Physicians**

VA Is Still the Best Choice for Veterans

- **Independent Medical Experts Confirm High Quality and Patient Safety**
- **Focuses Exclusively on Treating Veterans**
- **VA Built on a Culture that Values Veterans, their Service and Sacrifices**

BUT, the VA Is Far From Perfect

We Are NOT Satisfied with Status Quo

- **VA Needs Reform from Top to Bottom**
- **Today's Challenges and Problems are OPPORTUNITIES for Real Reform**
