Transportation between the hotels and airport

Taxis

All taxi companies in Las Vegas have lift-equipped vans accommodating one wheelchair. Ask taxi stand attendant in advance for an accessible taxi van.

- From the taxi stand, you can access a taxi. All taxis can take four people; provided all your luggage will fit.
- It should be about \$15 to Bally's/ Paris plus a tip.
- Long hauling (typically by going through the tunnel and taking the freeway) is a problem and can add \$5 to \$20 to the fare. Tell the taxi driver to "take Paradise to the hotel, not the freeway".
- Be prepared to have cash for the taxi. Taxis who do accept credit cards will assess a \$3.00 processing fee.

Shuttles

Available outside the airport, shuttles consist of small buses that will drop at multiple hotels and are \$7 per person, plus tip. Speed depends on the number of hotels where the driver needs to stop. With Bally's/ Paris, you can probably expect a stop or two before you get there. Round trip tickets on the shuttle are not recommended, just to the hotel from the airport. Shuttles can take a long time, getting to the airport from multiple hotels, so a taxi is recommended.
