

# Community Impact Day

## QUICKSTART GUIDE

### Why it matters

DAV believes that “thank you for your service” is more than words; **it’s action**. When you give even an hour of your time to a veteran, you show them they are valued and appreciated. **It doesn’t have to be complicated or time-consuming** to get involved. One heartfelt, simple act of service added to others compounds to create an immeasurable effect.

- **Anyone**—not just veterans—can volunteer with DAV.
- **Everyone has a gift or a skill** that can make a difference. Never underestimate what you offer.
- **We hope this inspires** more people to get involved in community service year-round.

### Spread the word

Volunteering with others is more fun, so get your friends to join you to make an even bigger impact. Here are some helpful ways to do this.

- **Realize the power** of face-to-face conversations. A simple, direct ask is often the most effective way to get people in your community to join you.
- **Complement your conversations** with social media, texts and emails, but don’t rely on them as the only ways you get others to join in.
- **Seek input from others** to help uncover ideas and identify needs in your area.
- **Encourage others to visit [communityimpactday.org](https://communityimpactday.org)** to pledge an hour of their time.

### Act

April 5, 2025, is DAV Community Impact Day, so make a plan to get out there and serve. Teach, fix, host or donate—your imagination is your limit, but here are a few ideas to get you started volunteering for veterans.
