NATIONAL BYLAWS

Article 1 – Organization
Section 1.1 – Governing Bodies
The governing bodies of the Organization shall be the National Convention, the National Executive Committee, the Board of Directors, the state departments and chapters.

Section 1.2 – Records; Inspection
Each such body shall keep records of its proceedings which shall be open for inspection to any recognized officer of the Organization.

Article 2 – Policy
Section 2.1 – Statement of Policy
The Disabled American Veterans was founded on the principle that this nation’s first duty is the rehabilitation and welfare of its wartime disabled. This principle envisions:

1. High quality hospital and medical care provided by the Department of Veterans Affairs for veterans with disabilities incurred in or aggravated by service in America’s armed forces.
2. Adequate compensation for the loss resulting from such service-connected disabilities.
3. Vocational rehabilitation and/or education to help the disabled veteran prepare for and obtain gainful employment.
4. Enhanced opportunities for employment and preferential job placement so that the remaining ability of the disabled veteran is used productively.
5. Adequate compensation to the surviving spouses and dependents of veterans whose deaths are held to be service-connected under laws administered by the Department of Veterans Affairs.

6. Enhanced outreach to ensure that all disabled veterans receive all benefits they have earned and that the American people understand and respect the needs these veterans encounter as a result of their disabilities.

We will not take any action on any resolution that proposes legislation designed to provide benefits for veterans, their surviving spouses and dependents, which are based upon other than wartime service-connected disability. We shall not oppose legislation beneficial to those veterans not classified as service-connected disabled, except when it is evident that such legislation will jeopardize benefits for service-connected disabled veterans. While our first duty as an organization is to assist the service-connected disabled, their surviving spouses and dependents, we shall within the limits of our resources assist others in filing, perfecting and prosecuting their claims for benefits.

Section 2.2 – Nonpartisanship
This Organization shall be non-political and non-sectarian and the name of this Organization or name of any subdivision thereof shall not be used in representing the desires or wishes of its membership in any political, sectarian or labor dispute, except as hereinafter provided. Provided, however, that the foregoing shall not prevent this Organization or any subdivision thereof from participating in political
issues which have a direct bearing upon the welfare of America’s disabled veterans.

Section 2.3 – Legislative Activities

Para. 1: No member shall appear before any legislative body or speak in the name of this Organization or any subdivision thereof propounding a position contrary to any resolution then in effect with regard to such legislation, which resolution has been regularly adopted by the National Convention, the National Executive Committee, a department executive committee or state department.

Para. 2: No federal legislation shall be sponsored or endorsed by a National Officer or any member on behalf of or in the name of the DAV National Organization or any subordinate unit unless it has been approved by a National Convention or by the National Executive Committee, except as otherwise provided in Para. 3 of this Section.

Para. 3: In the absence of any mandate covering any matter wherein laws already enacted by Congress are under attack, the National Commander, National Adjutant and National Executive Committee are hereby placed under a continuing mandate by these Bylaws to resist and oppose any changes in laws or regulations advocated by any presidential commission, Executive Order, by special investigative commission created by Congress, or any legislative bill sponsored by any standing or special committee of Congress that would repeal or deprive disabled veterans or their dependents of benefits already provided by such laws or regulations. However, they may support those that are deemed by them to be beneficial to disabled veterans or their dependents.
Article 3 – National Convention

Section 3.1 – Supreme Power
The supreme power of the Organization is vested in a National Convention, to be attended in person by those members outlined in Section 3.4 of this Article.

Section 3.2 – Duration of Mandates

Para. 2: The place where the Convention shall be held shall be determined by the National Executive Committee at least three years in advance, upon recommendations made to it by the National Adjutant. Section 3.4 – Composition
The National Convention shall be composed of the elected National Officers, the past National Commanders, the National Executive Committee Members and the delegates and alternates representing the state departments and chapters of the Organization.
Section 3.5 – Registration Fee

Para. 1: The registration fee at National Conventions shall be $25.00 for each delegate, alternate and visitor; and no person otherwise eligible shall be entitled to vote until he or she has registered and paid such fee.

Para. 3: Following adjournment of the National Convention, and as soon as practical, a copy of the National Convention Proceedings will be posted on the National Organization’s website.

Section 3.6 – Number of Delegates

Para. 1: Except as otherwise hereinafter specified, each state department shall be entitled to one delegate and one alternate and each chapter shall be entitled to one delegate and one alternate for its charter, and shall elect one delegate and one alternate for each fifty members or major portion thereof who are listed on the membership rolls of the National Headquarters at the close of the membership year ending June 30 immediately preceding the Convention; provided, however, that a chapter chartered since that date shall determine its membership, for the foregoing purpose, as of the first day of the month during which the Convention convenes. Notwithstanding the foregoing, in the event a state department or chapter is unable to fill all delegate or alternate offices to which it is entitled,
or in the event any delegation is entitled to cast more votes than the number of delegates present, then the votes to which it is entitled shall be divided equally among those present.

Para. 2 (a): No delegate or alternate representing any state department or chapter which is indebted to the National Organization in any amount, except for supplies for current or future Forget-Me-Not sales, shall be seated or entitled to vote at the National Convention until such indebtedness has been paid.

(b): The National Adjutant shall render statements to all chapters and state departments, not less than thirty days before each National Convention, giving each chapter’s or state department’s indebtedness to the National Organization, and on payment of such amount the chapter or state department shall be considered clear of all indebtedness for purposes only of determining whether its delegates shall be entitled to vote at such Convention.

Para. 3: No delegate or alternate representing any state department or chapter whose charter has been suspended or revoked and has not been reinstated prior to the first business meeting of the Convention shall be entitled to vote.

Para. 4: No person shall cast a vote in the National Convention in more than one representative capacity, or be registered as a delegate from more than one chapter.

Para. 5: In the absence of any delegate, his or her vote shall be cast by his or her alternate.

Rule 3: Debate shall be limited to five minutes for each speaker, except by a two-thirds consent of the body.

Rule 4: Not more than two delegates from any one chapter delegation shall be permitted to discuss any one subject, except by a two-thirds consent of the body.

Rule 5: Recognition shall be granted only once to any one speaker on any one subject, except that a rebuttal of not more than three minutes may be permitted. Additional recognition may be granted by a two-thirds vote of the body.

Rule 6: No person who has talked for or against any motion, resolution or report on the Convention floor shall be permitted to make a motion to table it. A motion to table is not debatable and shall require a two-thirds affirmative vote of the body. A tabled motion may be taken from the table, for reconsideration, by a majority vote of the body.

Rule 7 (a): Resolutions from chapters and state departments must be submitted to and received at the office of the National Adjutant in electronic or printed form, signed by the sponsoring chapter or state department, not later than fourteen days prior to the opening of the National Convention.

(b): Resolutions sponsored by chapters must have the approval of the department executive committee or state convention, except where there is no state department, in which event resolutions may be submitted to National Headquarters for transmittal

Such meeting may be held on the day prior to the opening session of the Convention but must be held no later than 8:00 a.m. on the first business day of the Convention. At such meeting the delegates in each district shall elect one member and one alternate for each Convention committee and shall not later than 10:00 a.m. on the first business day of the Convention advise the National Adjutant of such election; otherwise, the National Commander shall designate the membership of such committees. The National Commander, with the approval of the National Executive Committee, shall appoint no more than two advisors to each Convention committee, whose duties it shall be to call as soon as possible, and attend, the first meeting of such committee, and also to receive resolutions pertaining to such committee. Advisors will be assigned to each committee because of their knowledge of the subject matter under consideration. They may enter into committee discussions without the privilege of voting. They are subject to the call of the committee for advice and counsel. At the first meeting, the members of each Convention committee shall elect a chairman and a secretary by majority vote.
The National Commander shall appoint a Committee on Assignment and Coordination at least forty-eight hours prior to the opening session of the Convention, and shall deliver all resolutions to such Committee for speedy reference to the appropriate Convention committee. Resolutions shall be delivered or referred to the appropriate Convention committee advisors by 8:00 a.m. on the first business day of the Convention, regardless of whether all districts have elected their members to Convention committees so long as a majority of the districts has elected its members to Convention committees. The Convention committees may meet, consider and act on resolutions starting with the first day of the Convention, regardless of whether all districts have elected their members to such committees so long as a majority of the districts have done so.

**Rule 9 (a):** No resolution can be discussed by the Convention until the same has been reported by a Convention committee, except by unanimous consent. Resolutions referred to, but not favorably reported by such committee, are in order and may be called up for consideration by proponents when a motion to discharge the committee has been made but before it has been acted upon. The Chair will advise the delegates when to make their request.

(b): If such resolution proposes to amend the Constitution or Bylaws, it may not be considered unless the proponent had it read at the time the resolutions favorably reported by the Convention Constitution and Bylaws Committee were read to the Convention in accordance with Section 3.10, Rule 21 (d).
Rule 10: Convention committees may originate such resolutions as they desire to sponsor, which pertain to the subject with which they are charged.

Rule 13: In case any delegation is entitled to cast more votes than the number of delegates present, the vote of those absent shall be cast in the same proportion as the votes of those present.

Rule 14: Voting shall be viva voce, except in the case of the election of national officers, and except when a roll call is demanded by the Chairman or Acting Chairman of the Convention, or by at least 25 delegation units, but not more than five from any one state department; provided, however, that the election of national officers may be made by viva voce when there is no contest. All roll calls shall be in alphabetical order by states in odd-numbered years, and in reverse alphabetical order in even-numbered years.

Rule 15: Nominations for national officers shall be made by the Committee on Nomination of National Officers and from the floor.

Rule 16: Only one nominating speech and only one seconding speech shall be permitted for each candidate for an elective national office.

Rule 17: In the event two or more candidates are nominated for the same office, roll calls shall
continue until completed. The candidate receiving a majority vote of the body shall be elected.

**Rule 18:** Discussion of personal grievances, local conditions, or claims concerning one individual only, with respect to his or her personal interest, shall not be in order before the convention, but may be discussed before the committees of the Convention with the approval of the respective committees.

**Rule 19:** The national officers shall serve as the officers of the Convention. The National Adjutant shall serve as the Adjutant and Secretary of the Convention.

Each committee chairman shall report the conclusions of his or her committee in writing and return all resolutions to the Committee on Assignment and Coordination for the purpose of having partial or final committee reports placed on the Convention agenda. Each committee chairman shall present his or her committee’s report to the

It shall consider all resolutions not requiring legislation on compensation, pensions, legal and guardianship matters and appeals.
(d): Committee on Constitution and Bylaws: This Committee shall give consideration to those resolutions which pertain to the proposed amendments to the National Constitution and the National Bylaws. It shall give advice to National Headquarters on the Official Ritual and also consider all matters relative to DAV auxiliaries and other subordinate units of the Disabled American Veterans insofar as they may affect proposed amendments to the National Constitution and Bylaws. All proposed amendments shall be presented to the Convention no later than the second day prior to the scheduled day of adjournment of the Convention, and voting thereon shall begin the following business day, except proposals referred to that committee by other Convention committees too late for presentation on that date, or resolutions originating in the committee; such amendments shall be presented and voted upon on the day of adjournment.

(e): Committee on Employment: This Committee shall consider all matters concerning all forms of employment of disabled veterans as well as preference rights in examination, appointments, retention, promotions, or employment or reemployment rights in Federal Civil Service and in state, county and city governments. This Committee will also consider matters relating to vocational rehabilitation, education and training for veterans and their eligible dependents.

(f): Committee on Hospital and Voluntary Services: This Committee shall consider questions concerning the standards of medical care delivery by VA hospitals and outpatient clinics, and all
matters pertaining to the DAV voluntary service programs.

(g): Committee on Nomination of National Officers: This Committee shall consider and present to the National Convention a slate of candidates which it shall nominate for national officers.

Rule 22 (a): Committee Reports: Convention committee reports covering favorably considered resolutions must be submitted by reference to their number, and a brief statement as to their content.

(b): The final report of the Credentials Committee, the report of the Committee on Nomination of National Officers, and the election of national officers as designated in Article 7, Section 7.1, of these Bylaws, shall be in that order, the last order of business, on the last day of the Convention.

Rule 23: All National Executive Committee Members shall be provided all proposed resolutions to all Convention committees before the convening of their respective District meetings.

The chapter so suspended may appeal directly to the National Commander and the National Commander may, in his or her discretion, revoke such suspension. The state commander may also direct that any funds deposited in financial institutions in the name of the chapter be frozen during the period of suspension.

(b): The National Commander may suspend the charter of any subordinate unit for a period of sixty days or more, but not to exceed one hundred eighty days, for violations of the Constitution or Bylaws of the Organization, or refusal to comply with his or her lawful orders, the lawful orders of the National Convention, the National Executive Committee, the state commander or the department executive committee. He or she may, additionally, place the subordinate unit under trusteeship during this period. He or she may also direct that any funds deposited in financial institutions in the name of the subordinate unit be frozen during the period of suspension.

(c): While under suspension (and not under trusteeship) no meetings shall be held in the name of the subordinate unit (or the Organization) except for the sole purpose of discussing the cause, effect or removal of the penalty. In all cases, the National Commander shall notify such unit by Certified Mail, Return Receipt Requested, of his or her decision, giving the reasons therefor. If the subordinate unit’s charter is revoked due to losing and failing to retain its tax-exemption with the IRS, the decision is final. Otherwise, the National Commander will advise such unit that it may, within thirty days after receipt of notification, file a request by Certified Mail, Return Requested, with the National Adjutant, asking that it be allowed to appear before the National Executive Committee to present evidence why its charter should not be revoked. If such a hearing request is filed within the thirty day period, the National Adjutant shall schedule the date, time and place for the hearing before the National Executive Committee and shall notify such unit by Certified Mail, Return Receipt Requested, of this information. Upon conclusion of the hearing, the National Executive Committee shall either adopt or reject the National Commander’s decision for the charter revocation. In the event that such unit does not file a written request, in the manner herein provided, for a hearing before the National Executive Committee, no such hearing shall be held, in which event the revocation becomes final.

(e): Notwithstanding any other provision of these Bylaws and pending completion of an investigation, the National Commander may temporarily suspend the charter of any subordinate body if in his or her sole discretion he or she determines
that a suspension is in the best interests of the Organization.

Para. 2: During the period of suspension the business and affairs of the subordinate unit may be carried on by the trustees. The trusteeship shall be established by the National Commander and he or she shall grant it written powers and limitations; it shall consist of no more than five trustees as the National Commander shall determine, and all acts and actions of said trusteeship shall be subject to the approval or disapproval of the said National Commander who will receive a periodic written report of the situation in and the activities of the unit under suspension submitted by the trusteeship. If the unit's charter is finally revoked, the said trusteeship shall be utilized as an ad hoc committee to wind up the business and affairs of the unit, and if the unit's suspension is lifted, the trusteeship shall end with a final report to the National Commander and to the members of the unit at a regular meeting thereof.

Para. 3: The National Commander may without other cause revoke the charter of a chapter when it (a) has had less than ten members for a period of eighteen consecutive months; (b) other than a national or at-large chapter, has held less than four meetings with a quorum present within a membership year; (c) has not held an election of officers within a membership year; (d) has failed to file an annual financial report; or when, in his or her sole discretion, he or she determines that a revocation is in the best interest of the Organization.

Para. 4: When the charter of any chapter has been revoked, all members of the chapter shall be
transferred by the National Adjutant to the closest chapter in the state where the former chapter was chartered. If the member is not a resident of that state, their membership shall be transferred to the state at-large chapter.

Para. 5: Upon revocation of the charter of any chapter or county or district council where no state department exists, or upon revocation of any charter of a state department, all property, money and effects of said state department, chapter, or county or district council shall revert to the National Organization, there to be held in trust for eighteen months. In the event the state department, chapter, or county or district council’s charter is not reissued within the eighteen-month period, the said property, money and effects shall become the absolute property of the National Organization. Disposition of assets of units of the DAV Auxiliary are controlled by the appropriate provisions of their Constitution and Bylaws.

Para. 7: No chapter shall have the authority to place on probation, suspend or revoke the charter of any DAV Auxiliary unit.

held by Former DAV Entity on the actual date of such cessation (regardless of when finalized or formalized) belong to DAV. Such assets shall be transferred as provided herein. In the case of the cessation of a department, assets shall be transferred to the National Organization. In the case of the cessation of a chapter or county or district council, assets shall be transferred to the state department having jurisdiction or (if there is no state department) to the National Organization. This provision shall not apply in the case of chapter mergers approved by the National Executive Committee. A "fundraising contract" is any contract between a DAV subordinate unit and any other person or entity that directly or indirectly involves or relates to fundraising by or on behalf of the subordinate unit (such activity hereafter a "fundraising project"). All such contracts are subject to the prior approval of the NEC. The subordinate unit is responsible for ensuring that the fundraising project complies with all relevant laws and that any required filings with regulatory agencies have been made.

The proposed contract as well as any promotional, advertising or solicitation material (including any scripts) must be submitted to the National Executive Committee (c/o the National Adjutant at National Headquarters) at least sixty days prior to the anticipated effective date. If the fundraising project involves sponsors and/or endorsers not parties to the
contract, those must be disclosed to DAV at the time the contract is submitted for approval. Sponsors or endorsers who later join the fundraising project shall be similarly disclosed to DAV for approval. Such approval shall be at the discretion of DAV.

Fundraising contracts fall into one of two categories: (1) thrift store contracts and (2) other fundraising contracts.

(1) Thrift Store Contracts. “Thrift store contracts” are agreements between a DAV subordinate unit and any other party relating to the collection, resale and/or disposal of personal property solicited from donors in the name of DAV. Thrift store contracts are subject to the prior approval of the NEC. Thrift store contracts include, without limitation, thrift store management and lease agreements, as well as agreements to pay a commission or royalty on the sale of goods collected and sold. No thrift store contracts will be approved for a term of more than five years. No thrift store contracts that contain language providing for an automatic extension or renewal will be approved, and all thrift store contracts must provide for cancellation by either party, with or without cause, upon 180 days’ written notice.

Thrift store management agreements will be reviewed to ensure that the subordinate unit is receiving an appropriate return for the use of the DAV name. Where a thrift store company operates a thrift store in the DAV name, the chapter or department must receive, at a minimum, a sum equal to 10 percent of the gross sales before any deductions of any kind, including deductions for management fees and overhead expenses.

(2) Other Fundraising Contracts. No fundraising contract except for thrift store contracts will be
approved for a term of more than one year. No contracts that contain language providing for an automatic extension or renewal will be approved. The National Adjutant is authorized to reject on behalf of the National Executive Committee any fundraising contract that does not provide at least 50 percent gross return to the DAV subordinate unit involved. The “50 percent rule” means that the contracting DAV unit must receive at least 50 percent of the gross revenue generated by the fundraising program.

(b): Required Contract Provision. In addition to any other requirement imposed by the DAV National Bylaws or the regulations or subsequent action of this Committee, all fundraising contracts formed by subordinate units must contain the following standard provision or its substantial equivalent:

All parties to this contract expressly agree and covenant that they will not seek from the DAV National Organization, through litigation or otherwise, any damages arising or alleged to arise from the performance or nonperformance of this contract. The DAV National Organization is not a party to this contract.

Regulation 3: Other Contracts

(a): General Rule. All contracts entered into by a subordinate unit, whether or not subject to approval by the National Executive Committee and including, without limitation, leases, contracts for the sale or purchase of real or personal property, and employment and consulting contracts, should advance and promote the purposes of DAV.
(b): Required Contract Provision. In addition to any other requirement imposed by the DAV National Bylaws or the Regulations or subsequent action of this Committee, all contracts formed by subordinate units must contain the following standard provision or its substantial equivalent:

All parties to this contract expressly agree and covenant that they will not seek from the DAV National Organization, through litigation or otherwise, any damages arising or alleged to arise from the performance or non-performance of this contract. The DAV National Organization is not a party to this contract.

Regulation 4: Bar, Lounge or Bingo Operation

If a bar, lounge or bingo operation is operated by, or in the name of a subordinate unit of the Organization, it may not be operated at a loss or be subsidized by the unit with income derived for the purpose of rendering service to disabled veterans and their dependents. The subordinate unit is responsible for ensuring that the bar, lounge or bingo operation complies with all relevant laws and that any required filings with regulatory agencies have been made.

Regulation 5: Income from Fundraising

(a): Forget-Me-Nots. Income from Forget-Me-Not drives shall be used solely for service to disabled veterans, their dependents and survivors and for no other purpose.

(b): Other Fundraising. Income from approved department or chapter fundraising activities shall be used to support programs and activities sponsored by DAV, its subordinate units or other entities, as long as such programs and activities provide a direct
and substantial benefit to disabled veterans, their dependents and survivors.

**Regulation 6: Disciplinary Hearings and Appeals**

(a): Hearings. Any hearing conducted under Article 16, Section 16.2, of the National Bylaws (hereafter “Hearing”) shall be subject to these procedures. The intent of the Regulation is to provide the accused member with a full and fair opportunity to understand and respond to the charges. Depending upon whether the disciplinary proceeding was initiated by the National Commander or the state commander (either referred to as “Commander”), the Hearing will take place before the National Executive Committee or the department executive committee as appropriate (either referred to as “Committee”). The following rules shall apply:

The Hearing shall be conducted before a quorum of the Committee.

The Commander shall preside at the hearing and make all decisions regarding procedure, as well as the admission and exclusion of evidence. Evidence shall be admitted or excluded based on relevance and reliability and not on the basis of technical rules of evidence. The National or state Judge Advocate, as appropriate, may provide guidance to the Commander during the course of the hearing.

The accused member may be represented by a person of his choice, as may the National Organization/state department. Each party shall pay any fees it incurs for such representation.

The entire Hearing, including voting, shall be transcribed by a licensed court reporter. A copy of the transcript shall be furnished to the accused
member without charge as soon as practicable after its receipt.

Subject to the Commander’s rulings on admissibility, both the accused member and the National Organization/state department shall have the right to introduce witnesses, as well as real and documentary evidence. Any witness permitted to testify may be cross-examined by the opposing party.

At the conclusion of the presentation of evidence and testimony the Committee shall vote separately on each charge brought against the member. If the member is found guilty on one or more charges by a majority of Committee members present, the Committee must then determine whether to accept or modify the penalty recommended by the Commander.

(b): Appeals. The only disciplinary sanction that may be appealed is the penalty of expulsion if (a) imposed by the department executive committee and (b) affirmed by the National Commander. The appeal is to the NEC. Such an appeal must be filed as prescribed in the Bylaws within thirty days of the mailing to the expelled member of the National Commander’s affirmation. The burden is on the expelled member to show that the expulsion decision is clearly erroneous. The appeal will be decided upon the evidence of record in the state department disciplinary hearing. The appellant may submit a written presentation to the Committee in support of the appeal. Such presentation may not exceed ten pages and may not include evidence that was not presented to the department executive committee. The written presentation should be clear and concise, but need not be a legal brief. There is no personal hearing on an appeal.
(c): Notifications. A member who is the subject of a disciplinary proceeding should receive prompt written notice of all developments in the matter including, without limitation, decisions on appeals. Notices should also be furnished to the appropriate state department.

**Regulation 7: Accumulation of Funds**

Unrestricted funds held by the National Organization and its subordinate units shall be used in a manner reflecting consideration of current and future needs and resources in planning for program continuity. Subordinate units may not accumulate such funds, whether for service purposes or otherwise, in excess of the amount prescribed in Article 18 of the National Bylaws. Requests for approval of fundraising projects will not be considered if a unit is holding accumulated funds in excess of that amount. Included in this calculation are building funds, foundations, trusts or other entities, which departments, chapters, and other subordinate units may have established under Section 501(c) of the Internal Revenue Code. For purposes of this regulation, “unrestricted funds” are monies the use of which is not subject to a specific limitation imposed by the National Bylaws or by a written directive from a person or entity unrelated to the subordinate entity holding the monies.

**Regulation 8: Department Jurisdiction**

Chapters within a state are under the jurisdiction of that state department. State departments are responsible not only for the enforcement of the department and chapter constitutions, bylaws and
Regulation 9: Non-Discrimination Policy of DAV

The Disabled American Veterans has a non-discrimination policy whereby all requests for aid and assistance are given equal consideration without regard to race, color, religion, sex, national origin, handicap, age or any other legally protected classification. Further, such non-discrimination policy applies to all qualified applicants for employment by DAV for all positions, and to all activities in which DAV has been engaged, is now engaged or in any way may be engaged at any time in the future.

Regulation 10: Mission Statement of DAV

We are dedicated to a single purpose: empowering veterans to lead high-quality lives with respect and dignity. We accomplish this by ensuring veterans and their families can access the full range of benefits available to them; fighting for the interests of America’s injured heroes on Capitol Hill; and educating the public about the great sacrifices and needs of veterans transitioning back to civilian life. This mission is carried forward by: providing free, professional assistance to veterans and their families in obtaining benefits and services earned through military service and provided by the Department of Veterans Affairs (VA) and other agencies of government; providing outreach concerning its program services to the American people generally, and to disabled veterans and their families specifically; representing the interests of disabled veterans, their families, their widowed spouses and
their orphans before Congress, the White House and the Judicial Branch, as well as state and local government; extending the DAV’s mission of hope into the communities where these veterans and their families live through a network of state-level departments and local chapters; and providing a structure through which disabled veterans can express their compassion for their fellow veterans through a variety of volunteer programs.

**Regulation 11: Conflict of Interest Policy**

This policy applies to members of the NEC (“Members”). Members are in a position to influence the actions of DAV with respect to matters decided by the NEC.

If a Member may, or will, receive a direct or indirect benefit from a particular motion decided by the Body as a whole, the Member has a conflict of interest. The benefit referred to may be financial or non-financial. An indirect benefit may be, but is not limited to, a benefit to a relative or business associate of the Member. An indirect benefit may also be one that flows to an organization in which the Member has an interest, financial or otherwise.

If a Member has a conflict of interest or believes that he may have such a conflict, the Member must fully disclose the conflict, or potential conflict, to the NEC at the earliest possible time and abstain from any involvement whatsoever in the resolution issue. This means that the Member may not discuss the issue with other NEC Members, may not be present during Committee consideration of the issue and may not vote on the issue. The minutes of the Committee meeting shall reflect that all of these safeguards were observed.
It is important to note that a Member should not participate in the review by the Committee of decisions of a department or chapter if the Member was directly involved in the original decision.

All Members covered by this policy should acknowledge receipt of a copy of it immediately upon assuming office and annually for as long as they serve on the NEC.

**Regulation 12: Reimbursement of Department and Chapter Losses**

This regulation implements the reimbursement mandated by Article 14, Section 14.9, of the DAV National Bylaws. The National Organization will reimburse a department or chapter up to $100,000 for the loss of assets resulting from theft by an elected or appointed department or chapter officer. All such reimbursements will be subject to a $5,000 deductible. Indirect losses are not eligible for reimbursement. Reimbursement is not available for any loss recovered or recoverable from any other source. All losses arising out of or related to a common design, plan or pattern of activity by one or more officers constitutes a single loss for the purpose of reimbursement.

No reimbursement will be made until a full and final adjudication of theft or conversion has been entered against the officer(s) involved and such judgment has either been upheld on appeal or is no longer subject to appeal. A determination made under Article 16 of the DAV National Bylaws shall not constitute a judgment for these purposes.

No reimbursement will be made unless the affected department or chapter notifies the National Adjutant within sixty (60) days of the time it first
has reason to believe that it may have suffered a loss potentially eligible for reimbursement.

No reimbursement will be made unless the affected department or chapter cooperates fully with the National Organization with respect to investigation of any loss and action to limit the effect of such loss and/or to prevent similar future losses.

No reimbursement shall be made unless the affected department or chapter diligently pursues reimbursement from other sources through which such reimbursement is likely to be secured. Reimbursement shall be available if and only if the affected subordinate unit is in existence and in good standing at the time of eligibility for reimbursement.

The National Adjutant shall have final authority to determine eligibility for reimbursement.
BOARD OF DIRECTORS INFORMATION

Cause Marketing Revenue Sharing with DAV Departments

The Board authorizes the sharing of cause marketing revenue with DAV state departments. DAV is authorized to share up to 25 percent of such revenue. “Cause marketing revenue” refers to revenue derived by DAV from a charitable sales promotion. A charitable sales promotion is an advertising or sales campaign conducted by a for-profit organization (FPO) that represents that an individual’s purchase or use of goods or services offered by the FPO will provide a financial benefit to DAV. Without limitation, and subject to the foregoing definition, “cause marketing revenue” does include a specified dollar amount or percentage per product or service sold but does not include revenue that is (1) an outright donation or not related to a specific volume of sales, (2) subject to some other DAV revenue-sharing program or (3) a sponsorship payment.

Protection and Indemnification of Department and Chapter Service Programs

Subject to the limitations herein, the National Organization shall indemnify, hold harmless and defend departments and chapters, and employees and volunteers of departments and chapters, with respect to all claims made against them on or after January 1, 2002, as a result of or alleging that such department, chapter, employee or volunteer was negligent in providing or failed to provide service with respect to a claim for benefits. The recipient
of the indemnification shall have a continuing obligation to assist DAV in the defense of the case. This obligation shall include, without limitation, complying with any procedures or practices that the National Adjutant may from time to time publish concerning the defense of claims covered by this regulation. The indemnification shall cover both legal expenses and the amount of any judgment or settlement. The maximum total indemnification available for a single claim is $500,000.

No indemnification will be available unless the unit or person against whom the claim is made notifies the National Adjutant or his or her designee immediately upon receipt of notice of the claim and agrees to surrender control of the defense to the National Organization.

Except as herein provided, indemnification will cover 100 percent of legal expenses and amounts for judgment or settlement up to the $500,000 cap if the employee(s) or volunteer(s) involved in the handling of the underlying claim for benefits was/were, at relevant times, accredited by the Department of Veterans Affairs upon the recommendation of DAV. Employees or volunteers not so accredited will also be eligible for the full indemnification as long as (1) the employee or volunteer forwarded the underlying benefit claim to a DAV National Service Office and (2) was, at the pertinent time, in compliance with any requirements for training and/or registration that may have been promulgated by the National Adjutant for full eligibility under this regulation. Claims arising in whole or in part from the actions of non-accredited employees or volunteers who were not in compliance with pertinent training and/or registration requirements, or who did not forward
the underlying benefit claim to a DAV National Service Office, shall be subject to a $1,000 deductible and shall be eligible for indemnification up to a maximum of $100,000.

Any indemnification offered under this Section shall be secondary to any insurance that is available to any person or entity seeking indemnification.

Only if the recipient of the indemnification is ultimately and finally adjudged to have acted with recklessness, gross negligence or intentional misconduct will the National Organization have the right to seek recovery of amounts expended for indemnification.

**Protection for Good-Faith Complaints**

DAV is committed to legal compliance and exemplary integrity in its financial management and corporate governance. DAV encourages its employees and volunteers to inform the Organization about unlawful or improper behavior including, but not limited to, any of the following: (1) theft or improper use of assets, (2) materially misleading financial reporting, (3) violation of DAV’s conflict-of-interest policy or other policies or procedures relating to corporate governance and (4) improper destruction of records.

Although we hope and expect that such improprieties will be extremely infrequent, it is critical that DAV be informed of any deviations from standards of financial management or corporate governance. In such cases, a DAV employee or certain DAV volunteers (principally elected fraternal officials, including members of the Board of Directors and the NEC) may be the first to suspect a problem. We request a prompt report from anyone
who has a reasonable suspicion about any illegal, unethical or improper conduct involving the finances or governance of DAV. Such good-faith reports can be made without fear of retaliation. Employees or volunteers making such reports will suffer no adverse actions. Naturally, given the seriousness of these matters and the effect of a careless accusation, DAV expects employees and volunteers to use this procedure in a thoughtful, careful and responsible way.

Reports of improprieties in financial management or corporate governance may be made to any of the persons listed below and should be made in writing. Anonymous complaints will be accepted, although, for obvious reasons, it is better for the complaining person to identify herself/himself and supply contact information. All reports will be handled on a confidential basis to the highest degree possible.

Complaints should be submitted in a sealed envelope marked “PERSONAL AND CONFIDENTIAL: TO BE OPENED BY ADDRESSEE ONLY” and delivered in person or by mail to one or more of the following:
