SUBJECT: Leafwell Partners with DAV

I am excited to share that Leafwell, a platform providing personalized cannabinoid-based therapy recommendations, has partnered with DAV to help raise critical funds. Their professional staff virtually assists patients by helping them get certified for a medical card, creating personalized treatment plans and educating the general public about medical cannabis.

Leafwell patients nationwide can use the code “DAV” to receive \$10 off their medical cards. Additionally, for each Leafwell patient who uses the code “DAV”, Leafwell will donate 10% of proceeds to support DAV’s mission, with a minimum commitment of \$10,000.

For years, DAV has supported legislation that calls for research into the efficacy of medical cannabis for treating conditions of service-disabled veterans and recognizes it as an important issue for many DAV members. You can learn more about Leafwell by visiting their [website](#). Please contact partners@dav.org for any questions pertaining to the partnership.
