Who We Are

DAV is dedicated to a single purpose: empowering veterans to lead high-quality lives with respect and dignity. We accomplish this by ensuring that veterans and their families can access the full range of benefits available to them; fighting for the interests of America’s injured heroes on Capitol Hill; and educating the public about the great sacrifices and needs of veterans transitioning back to civilian life. DAV, a non-profit organization with more than 1 million members, was founded in 1920 and chartered by the U.S. Congress in 1932.

Legislative Goals for 2019–2020

DAV has fought in Washington, D.C., to protect veterans’ rights since its founding almost 100 years ago. No one knows better about issues veterans face than veterans themselves. Because of that, the organization’s legislative and policy goals are based directly on resolutions submitted by DAV departments and chapters across the country, with DAV members serving as the driving force behind the organization’s advocacy mission. At last year’s national convention in Orlando, Fla., members adopted resolutions ranging from improvements to veterans benefits and access to VA health care to research into toxic exposure and alternative treatments for post-traumatic stress disorder.

The following is a partial list of key resolutions adopted at the 2019 convention. To see the full list of resolutions, visit dav.org/learn-more/legislation/resolutions.
