SUBJECT: Announcement of new partnership with Solace Health

I'm pleased to announce that Solace Health is DAV's first new corporate partner of 2026 with the company's generous donation to help further DAV's mission.

This partnership brings together two organizations focused on helping veterans receive timely, coordinated, high-quality care, regardless of where they receive it. While many veterans receive care through the VA, which offers an integrated and coordinated whole-health model, others receive some or all of their care through private health systems using Medicare or other insurance benefits. These veterans often need help to understand health insurance rules, manage their treatment, and navigate between multiple health care systems.

Solace Health provides professional health care advocacy services, connecting patients with experienced advocates who help schedule appointments, explain benefits, coordinate care among providers, and manage administrative burdens with private health care systems, thereby allowing veterans and their families to focus on health and recovery.

Partnerships like this one strengthen our ability to meet veterans where they are and respond to the real-world challenges they face every day.

We are proud to welcome Solace Health as a partner and grateful for their investment in our mission. I look forward to the impact we can make together on behalf of the men and women who have served our nation. For questions about this partnership, please email partners@dav.org.

A handwritten signature in black ink, appearing to read 'Barry A. Jesinoski', with a stylized flourish at the end.
