Transportation Network (TN) Best Practices

DAV Hospital Service Coordinators play an important part in our efforts to assist ill and injured veterans. They are the front line for the DAV Transportation Network, by scheduling rides, keeping vehicles running safely and reporting volunteer activities to DAV National Headquarters.

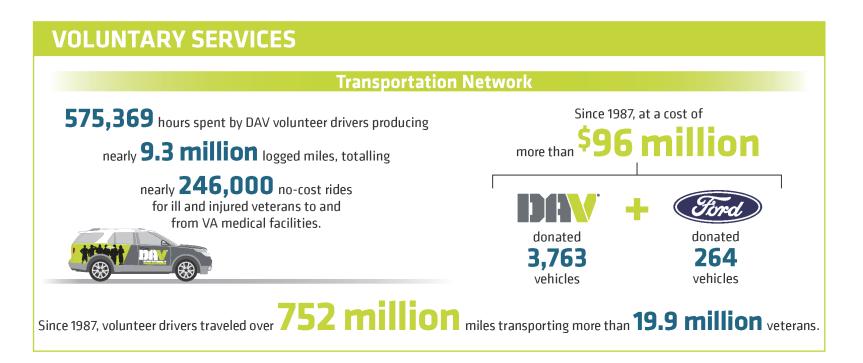

There are **149** Hospital Service Coordinators covering transportation programs at more than **248** VA medical facilities. These DAV HSCs assemble corps of volunteer drivers and coordinate them with hospital transportation requests, providing nearly **246,000** rides in 2023. • Coordinate the program with appropriate services.

- Provide all volunteer drivers with the HSC's or Coordinator's name, office location, and telephone number.
- Receive the transportation request and determine the transportation eligibility of veterans.
- Supervise all the volunteer transportation drivers.
- Contact the volunteer transportation driver and make the assignment.
- Provide funds for transportation, as applicable to veterans in need.
- Prepare and distribute all reports to Department and National DAV Headquarters. Contact National Headquarters Voluntary Services at 859-441-7300, ext. 1313 and email reports to <u>VAVS@dav.org</u>
- Report all incidents and accidents to the designated VA and DAV Voluntary Services Staff.
- Update DAV Headquarters with any changes to the Hospital Service Coordinators Directory. Updates are emailed out at the beginning of each month to all HSCs and we need to make sure we have the most up to date directory.

The DAV Transportation Network is the largest program of its kind for veterans in the nation.

Without this program, many veterans may have no way to access their health care.

The DAV Hospital Service Coordinator position was established to assume the responsibility for coordinating the Transportation Network.

#### Tips:

- Have veterans schedule appointments between a designated time. This keeps the drivers on a good schedule.
- Ask that veterans request a ride far in advance of their appointment.
- Ask that the veteran is ready 15 minutes before pickup time.
- Have a good working relationship with the CDCE Chief or Program Manager at the VAMC.
- Take care of your volunteers! We could not have success without them!

#### **Different practices:**

• Veteran sign up sheet. The veteran will be able to sign up for a ride via phone or by going into the transportation office.

#### **Requirements**

- Pass a physical given by a VA Occupational Health provider.
- Have good judgement and ability to solve problems.
- Ability to remain calm under stressful conditions.
- Willing to do minor vehicle inspections for safety.
- Complete an annual VA-sponsored defensive driving class.
- Possess a valid state driver's license and clean driving record.
- Possess personal auto liability insurance.
- Keep DAV vehicles clean inside and out.

### **Duties**

- Report to the Voluntary Service Department and DAV personnel.
- Drive veterans to VA health care facilities for their health care appointments.
- Coordinate with veteran passengers on where to meet and the time of their departure to their health care appointment.
- Return veterans to their original pick up location after their health care appointment.

### **Tips for Reporting Hours**

Credit for volunteer hours is based on DAV National Headquarters receiving information from the HSC. Reports are due on the 5th of each month.

Example: January volunteer hours should be reported no later than February 5.

Hours credited to an organization other than DAV, or DAV Auxiliary should be entered as Non-DAV Transportation. DAV National Headquarters still needs to capture this information for vehicle usage. Reporting hours in a timely manner helps to provide accurate reports and to award volunteers in a proper time frame. Awards are sent monthly to volunteers to show DAV's appreciation and to keep them excited and involved in the program.

Reminder that reporting is based on a VA fiscal year. These are miles driven, hours volunteered, and veterans transported from October 1 to September 30 of the following year.

Approvals for Transportation Network vehicles are based on the strength of your program. If this information is not reported, approvals may not be granted.

HSC's must report to DAV Voluntary Services in a timely and efficient manner. We count on these reports to determine the need for new vehicles. This is also used to determine the need for the vehicles donated by Ford at the DAV National Convention.

- Volunteers that donate their time to DAV become eligible for the Volunteer Recognition Program.
- When we do our part in submitting hours and miles driven, volunteers that donate their time to DAV are eligible for the Volunteer Recognition Program.
- At each volunteer milestone listed, the volunteer will receive a generous gift from DAV as a token of DAV's appreciation of their time spent helping veterans.

### **Helpful Tips:**

We encourage you to **PLEASE** use the excel form that was sent out a few years ago.

We understand some individuals prefer not to share their personal information, the information on this form is the minimum we require to be able to match the volunteer hours to the correct individual. If the volunteer prefers to keep their information off this reporting form, it can be entered under the facility. However, please explain to the volunteer they will receive no recognition for their volunteer efforts.

This excel form is designed to upload seamlessly into the DAV's Customer Relationship Management system (CRM). This will make the data entry more efficient for our DAV Voluntary Services Team, and will ultimately eliminate errors that arise from keying the information manually. Please do not make any changes to the formatting on this excel workbook, as this will result in a failure to upload the data. You can make changes to the volunteer data as needed, but do not make changes to the format.

#### DAV Volunteer/ Transportation Network Brochure

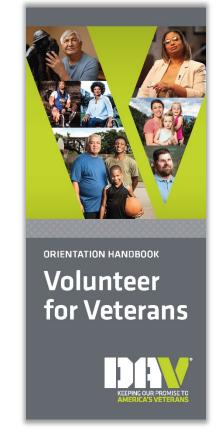

#### Our nation's heroes need volunteers. As a DAV volunteer. you can assist veterans, their families and their caregivers. by sharing your time and talents at Department of Veterans Affairs care facilities and other locations to perform a wide range of duties. Volunteer support for those who served can be as simple, and as important, as being a buddy to a veteran during rehabilitation or involve highly technical and professional skills. All DAV volunteers gain meaningful experiences by empowering veterans to live healthy and fulfilling lives. **DAV Transportation Network** In 1987, a government program that provided travel reimbursement for ill and injured veterans was discontinued. Recognizing that many veterans would be left without rides. DAV and its Auxiliary took on a new challenge and created the DAV Transportation Network. For more than a quarter of a century, DAV volunteer

For more timal a quarter of a contury, Dav volunteer drivers have provided free rides for our nation's hences who are receiving medical care at VA laditilies nationwide. DAV volunteers typically give hundreds of thousands of rides to veterans annually. If you have an interest in becoming a volunteer driver or supporting this crucial effort, please contact DAV by emailing **vave8dav.org**
