### DAV VOLUNTARY SERVICES PROGRAMS

#### Transportation Network

DAV volunteers transport injured and ill veterans to and from VA medical facilities for treatment. Annually DAV volunteers contribute 2 million hours to veterans at VA hospitals. Through a variety of other local programs, these dedicated volunteers reach into their communities to help disabled veterans and their families.

#### The Local Veterans Assistance Program (LVAP)

LVAP empowers individuals to find and develop new and unique ways to use their skills and talents to support the service and sacrifice of our veterans and their families. By providing resources, assistance or help with everyday needs, volunteers allow these heroes and their families to enjoy the best quality of life possible.

#### Jesse Brown Memorial Youth Scholarship

DAV offers college scholarships to youth volunteers who dedicate their time to veterans in their community. Since its inception, DAV has awarded 155 individual scholarships valued at a total of \$1,118,000 to enable these exceptional young people to pursue their goals in higher education.
